

# HGV Technician Apprenticeship

*at Econ Engineering*

**Apprenticeship:** | Level 3 Apprenticeship Standard Heavy Vehicle Service & Maintenance Technician

**Employer:** | Econ Engineering Ltd.

**Apprenticeship Provider:** | Darlington College

**ECON**

# We're offering the opportunity to do an apprenticeship as a HGV Technician.

## The Opportunity:

This is your chance to earn while you learn—working 4 days a week with Econ Engineering while studying one day a week at Darlington College to gain a Level 3 Apprenticeship Standard Heavy Vehicle Service & Maintenance Technician. At Econ, you will part of the team contributing to the service and maintenance of our recognisable gritter and tipper body range. At Darlington College, you will receive teaching and will complete practical tasks and examinations.

As a HGV Technician, you will take part in maintaining and servicing our fleet of modern winter maintenance vehicles. Your primary responsibilities will include routine maintenance, repairs, and breakdown assistance as required. You will learn how to carry out fault diagnosis and partake in preventative maintenance program.

## Course Entry Requirements:

You will need an A to C or 9 to 4 in Maths and at least a D or a 5 in English OR an A to C or 9 to 4 in English and at least a D or a 5 in Maths. A suitable qualification in ICT is desirable but not essential.

You will be required to attend an interview at college for all courses and we request a school or college report.
